Hi all fellow Hoggies,

This is just an update on what's happening with the Chapter at this time.

As you will all be aware New Zealand is about to move down the mountain to level two, which for us means we can now get out on the road safely on our clean shiny bikes that we all have.

But unfortunately with gatherings of only up to ten people this means that Chapter rides will still be on hold at this stage. We do have Road Captains who are planning rides so that when we are able, we will be ready to get back into Chapter rides straight away. These rides may be a little different than what we are used to, sitting in Cafes, the way we meet etc but we ask that you hang in there with us till we know more about what the next level holds for us.

In regards to our AGM, the Exec will be catching up in the next couple of weeks to discuss what we can do and how we go about this moving forward. I will keep you informed on what is going to happen and when as soon as a decision has been made.

If you decide to go out riding this Saturday Road & Sport will be open and would love to see you. Call in and say hi, catch up with what is new, have a look around and even spend a few dollars. But do please remember to be patient, keep your distance and respect Road & Sport's instructions on staying safe in the shop. We need to support our local business's at this time and supporting our Sponsoring Dealer is a great way to start.

If you have any ideas for rides, events for the Chapter or you feel you may like to have a seat on the Exec I would love to hear from you. The Exec meet once a month to organise and plan rides, upcoming events etc. Let me know if you want to have a chat on what positions the Exec have, I am happy to discuss this with you.

During the lockdown it was good to touch base with you all by phone and to hear you are all well and looking forward to getting out on the road again. So here's hoping that time is soon.

Take care and ride safe.

Regards

Deane Blaikie
Director
