## A Word from the Editor

Well it is definitely that time of year when you start looking around the shops and in magazines for that special gift for the one you love. So if it's a nice new set of tyres or some shiny chrome that puts a smile on your face then now is the best time to do it. Probably wouldn't hurt to buy something for your partner as well so you can keep those special moments that you have with your bike. Hopefully you all get out over Christmas and enjoy some great riding.

I wish you all a Sensational Christmas and safe riding. Coxy

## Directors Report December 2013

Hi everyone. I trust you will all be frantically getting work finished prior to the Christmas period and making sure your bikes are ready to roll. The weather seems to have arrived early this year so please make the most of it and enjoy the riding where ever the road takes you. As for myself, I will be working through the holiday period as I do most years and will look at doing as many short day rides as possible.

There are plenty of well known meal destinations around the greater Waikato so if you're ever after somewhere to go, please get in touch with me.

My time off later in the summer season will see us heading off on the pre rally ride down to Palmerston North for the last Dealer/Chapter run HOG rally. Planning is well under way so lock the dates in your diaries for the week before the rally being 9-16 February 2014. The plan is to head as far East as possible and take in the local sights including some light houses, sandy beaches and winding roads. Further information will be out before Christmas.

Our final event on the Calendar for the year is the Christmas ride and lunch. The venue is superb and it's always nice to be able to mix and mingle in the environment by the lake. If you've totally forgotten to register then write a 1000 word essay to our secretary on why you forgot and we may be able to fit you in!!

Road and Sport have virtually finished the remodeling of their show room and its well worth a look in. If you're out of towners and looking for a ride, perhaps head on over for a look at their latest products and layout of the shop. You won't be disappointed. Road and Sport continue to put plenty into our Chapter so a big well done to the team at Road and Sport and in particular Barry and Shelley.

Finally a big thank you to all the members that are turning out for the rides and events. The numbers that we have been getting are great and it's a credit to the Road Captains, the Tail End Charlie's, the Activity Officers and all others that are involved with the planning. I hope this continues through into next year as there are still plenty of places to visit.

On behalf of myself and the rest of the Executive, I wish you all a happy and safe festive season and look forward to seeing you on the road in the New Year.

Merry Christmas  
Steve

## SPONSORING DEALERS REPORT – HOGWASH

Hi to Everyone

We have turned the corner and the Dealership is now up and running after the Refurb. We still have little bits and pieces to complete and the builder will probably be here until Christmas. I want to thank you all for being patient as we did the refurb, there was quite a mess at times. I want to also say a big thank you to the members that helped us freely, lifting the old tile floor comes to mind, we couldn't have done it without you.

It was really enjoyable to have members come in for the day this week and enjoy some food with us while the filming of our Dealership was happening. I am endeavoring to get a copy of the filming, the totally uncut version, bloopers and all so that we can show it in the Dealership.

All of us at Road and Sport hope you enjoy our new surroundings, including the new customer area downstairs, it is proving very popular and we have had very positive comments, we have endeavored to make it a very relaxing spot for you all.

All the Christmas present goodies have arrived, we have some great xmas present ideas, children's toys, a beautiful range of GENUINE Harley watches (have been very popular), a new range of jewelry, ladies Harley handbags and much more, and of course new clothing arriving daily.

It has been a very busy year not only with the refurb but with events in the Dealership and this is continuing until the end of the year. If you change your contact details in particular your email address please don't forget to speak with one of the staff and get your details updated. It is through email mainly that we keep you updated on all that happens in the Dealership.

Tomorrow (Friday 29 November) we are hosting over 100 motorcyclists on their way to Thunderbeach Rally in Whitianga, they are joining us all for breakfast at the Dealership before heading off to Whitianga. I know the Chapter is taking a run over there and hope they had a great weekend.

Barry, I and the staff wish you and your families a safe and happy Christmas, the Dealership is open over Christmas and we look forward to seeing you in here.

## HOG RIDE RAGLAN 2/11/2013

With orientation completed 19 bikes assembled at Road and Sport for a 4pm departure to Raglan by the Sea. The weather was fine but the westerly wind was possibly better suited to sailing than motorcycling.

With Roy leading and Mat and Julie (T.E.C) at the rear we headed off (minus The Editor and his side kick who apparently needed fuel) in a northerly direction looping around onto Avalon Dr, to miss the city's traffic lights and intersections, then west through Dinsdale and on out over the divy.

Not more than a kilometre past the Waitetuna Valley Rd corner hands were raised as we slowed for an accident. The sight of a bike, learner plate still attached, lying in the middle of the east bound lane missing its front end didn't look good. Added to this what appeared to be an accompanying biker standing forlornly surveying the scene didn't bode well for the rider.

Back up to speed we were soon in Raglan, parked up on the centre verge and looking for somewhere to eat. After an hour of food, drink and conversation we gathered in the middle of the street for the return ride to Hamilton. This time Mat led us out with Julie, Chris and Tina (T.E.C) bring up the rear. Once again passing the accident scene, with the bike still lying untouched on the road, we can only assume it was not a good outcome.

At Dinsdale the Cambridge and Tauranga riders peeled off leaving Roy to lead the Hamiltonian's back past Road and Sport which brought to an end a very pleasant spring evening ride.

## Wet Wednesday Night Ride

The first of our summer evening rides took place on an overcast and drizzly late afternoon at Road and Sport. Six members including Bruce and Adrienne (two of our newest members), TEC Niels, Deane, Janice and myself headed out for Matamata on 4 bikes. The weather held as far as Holland Road and then the heavens opened up ever so slightly! We were to travel through Morrinsville however I decided to make that the stop for the evening as the further East we went, the wetter it looked. Dinner was enjoyed at a quaint little fish and chip shop on the main street and it was good to have a chat with all that attended. By 7.30 pm our stomachs were full and we parted ways and headed for home in light rain. Lets hope that the next evening ride brings the sunshine and bikes out at the same time.

Steve

Twas a small intimate gathering and clearly the weather predictions and subsequent rain kept people away.

**WAIKATO/BAY OF PLENTY CHAPTER**

## Carol and Rob Part 1

Hi

My name is Carol Lindsay. I am married to Rob and the rest of my family consists of a daughter who lives at the Mt, a cat (not our cat...) ...(sadly deceased since the start of this article) and a goldfish who house sat while we in the USA. Oh and let's not forget THE BEAST, our much loved Ultra Classic Screaming Eagle. We live in the beautiful town of Cambridge after the big move from Auckland. I had always thought the saying "you

can take the girl out of the city, but you can never take the city out of the girl!" applied to me, but how wrong was I. Auckland is now a lovely place to visit but I wouldn't want to live there.

Five years ago Rob and I made the decision to travel to the USA and hire a Harley. At the time we had our lovely Soft Tail (now in the loving care of the Trev and Chris Savage). Rob made the mistake of hiring an Ultra Classic for our journey. (Ladies what can I say..... the luggage space is great.). Rob planned what we thought was our trip of a lifetime. Three weeks, travelling the States on a Harley, going to all the places we had grown up hearing about, many of which had a cowboy theme. It was the beginning of the Harley travel bug.

On the 23rd July we embarked upon our best trip ever. We had earlier sent THE BEAST on a journey across the seas to the Port of California. We were NOW on our trip of a lifetime. (For now). Wow what a journey we had. I won't go into how many miles we travelled as that is boy stuff, but I can tell you that we are both still on a high from all of the States we passed through and the many sights we saw. As we started our 77 day expedition, the reality set in. My posterior was going to be tested over the next 10 weeks. Robs only complaint of me was the size of my makeup bag, necessities of life I called it.

Our trip started and ended in California and after picking the bike up we headed up the coast to San Francisco. From there it is all a blur. At times I was unsure if we were heading up, down or across the States. Some days we passed through three or four States which I found a bit confusing but I knew with the help of our little man on his bike (GPS not Rob) we would always get to our destination. I was also confused as to which fridge magnets I already had!!!

I won't bore you with everything we did in detail but ladies, if you get the chance to do a trip like this, go for it. Don't insist on hiring a car for the ride as the holiday would take on a completely different dimension. At times we were travelling along Route 66 in what seemed like people's front yards, in fact when you hopped off the bike you felt like you were intruding. We had highs, we had lows along with lots of laughter and sometimes tears. USA is a very emotional place with it's history, be it the wars they fought, the Twin Towers or all of the flags and yellow ribbons on the posts as you rode through small town America. They are very patriotic...something we could well learn from.

## Carol and Rob Part 2

Bonnaville Flats, who knew you could drive on salt, (we didn't). New York, what can I say... a must to revisit. Niagara Falls, amazing, the beauty and force of the water, a must see. Nashville, hmmm I always wanted a singing career. Memphis, felt very close to Elvis in a funny sort of way. New Orleans, full of character, but always keep your wits about you. Death Valley, WOULD NOT visit in summer but another must do. We went to Yellowstone, Yosemite, Moab, Canyon Lands plus countless other National Parks and WOW, can't find words to explain the views. Even riding through the middle of a herd of Buffalo

and still here to tell the tale. I struggle to name other places as they were all impressive in one way or another.

The blow-out on the freeway doing 65mph didn't phase us. Rob handled the bike superbly and after loading our bike onto the tow truck, a night in the dodgiest motel we have ever stayed in and a new set of tires we were once again on our way. AND if that wasn't enough, try sitting on an over heated bike, approaching the Lincoln Tunnel heading into New York at peak hour, and the bike makes a LOUD bang then stops. Not our favourite part of the trip but all in all part of the amazing experience we had.

Things I learnt about myself. It was possibly a life changing trip for me as I now know that I CAN wear a t-shirt two days in a row, the glory of visiting a different place each day. I AM a biker chick, all be it a bit late in life (how much longer can I get that leg over the bike). Would I do it all again, in a heart-beat. Get the bike out of the garage, put it on the boat and let's go..... Sorry Rob, the make-up bag is coming to. Take my advise.....GO FOR IT

Oh yes, the BEAST has just arrived back in our care and as it sits in the garage I'm sure I can hear it say LETS GO AGAIN!!!

## Whakatane Ride 17th November.

It was another great start to the day leaving Mount Maunganui in the morning sun at 7.00am to ride over the "Hill" to leave Road and Sport at 9.30am.

By 9.00am the bikes started to come from all directions with a final count of 17 at Road and Sport.

After a short pre-ride brief we were on our way heading to the Fairfield bridge %\$#@ ,you guessed it, the information I was given was incorrect and they had closed the bridge for the marathon / fun run that was being held in Hamilton.

We had a slight detour down Anglesea Street back on to Bridge street and off to Whakatane.

On passing through Cambridge it was good see the "Hoggies" of the town waiting to join in with the group.

It was the start of a day counting red and blue flashing lights on top of the police cars. The first at Cambridge and then Karapiro, Mamaku Ranges and Lake Rotoma. It is always a great sight to see and I hope the traffic officers were only talking to people in their cars and maybe giving them directions ? (maybe not!)

At Tirau Mark and the BOP riders were waiting as planned which made the total of riders up to 36. But on arrival at Rotorua we were back to 34 as two of our riders advised they were going to depart early from the ride.

The Lakeside Cafe is always a good place to stop as you can park the bike by the cafe and have a leg stretch and refreshment with not having to worry about your "pride and joy". Most of the times we have stopped here there is always a

tourist or local who will come over and have a look at the bikes and maybe share a little story of their own to tell of their biking history.

11.50am we were off to Whakatane and lunch at the Hunting and Fishing Club. It was great see all the members enjoying a good meal and mix and mingling with their fellow riders.

Some members had not been out on any of our HOG rides before and they told me how friendly our group is and are looking forward to joining in on more rides in the near future.

We all refuelled on our way out of Whakatane and headed to Mount Maunganui on a great piece of road which follows the sea most of the way back to The Mount. We parked the bikes on the grassed area by the towers to enjoy a leg stretch after another enjoyable ride.

At this point I handed the ride over to Deane to lead the remaining group back

to the Waikato.

Today's ride was 435kms in the sunshine of Waikato and Bay of Plenty.

It was a great ride, great day and I enjoyed the company of all our members on this ride.

A big thank you to Matt and Trev our Tail-end Charlies for the day and Deane for taking over the ride back to the Waikato.

A bigger thank you to all the members who took part in the ride.

I look forward to catching up with you all on our next ride, The Christmas Ride 15th December.

See you then,

Ash.

**WAIKATO/BAY OF PLENTY CHAPTER**

## Whakatane Ride

The Lakeside Café at Rotorua is always a great place to stop with plenty of parking for the bikes.

On arrival at the Fishing Club Trev as always the professional showing the group the correct way to salute if we encountered any Old Sea-Dogs.

Ahhh the Kiwi dream. The mixture of Bikes and Boats at The Whakatane Hunting and Fishing Club

## Thunder Beach 2013

For a new ride on our Chapter's calendar this is one that I am sure will go back on for the 2014-2015 runs calendar.

We left Road & Sport at 1.30 and joined in with the official Thunder Beach ride in Whangamata. Even though we were riding amongst 'other' bikes it was good to be part of a large group of self minded riders.

The weekend was very well organised and well supported by riders of all types, ages and sizes. The bike games on the Saturday were heaps of fun to watch and there were vendors and food stalls to walk around and look/spend. One of the main sponsors was Road & Sport who it looked like were kept busy with the new 2014 demo bikes.

Everyone had a great time at the Saturday night prize giving, with heaps (and I mean heaps) of prizes handed out. Some even coming to the Waikato/BOP Chapter.

The weekend ended with a ride around the Coromandel loop on the Sunday.

It was good to see quite a lot of our Chapter's members attend the weekend festivities, I hope they enjoyed it as much as we did. This is weekend we will be definitely be attending again next year.

### Janice & Deane

Accommodation for the weekend combined with plenty of food and drink really makes for some happy campers.

Yes that's right. Not only do you get to win an awesome prize but every winner gets a little pat on the bottom from the compare (Well done Janice).
